PINK DROP

Innovative Glow & Revitalizing Elixir

Peptides | Vitamins | Glutathione | Hyaluronic acid

BRAND STORY

OUR PHILOSOPHY

At the heart of Pink Drop lies a simple yet powerful belief:
True beauty comes from natural glow, healthy vitality, and restored confidence.

Beyond Whitening, Towards Total Skin Renewal
Unlike ordinary brightening products, Pink Drop goes further.

It's an all-in-one skin booster with **60+ ingredients** that targets:

- Radiance and glow
- Lasting vitality
- Regeneration and repair

With every drop
your skin is not only brighter, but healthier,
more balanced, and full of life.

WHY YOUR SKIN NEEDS PINK DROP

Revive dull, tired skin with hydration and radiance - all in one Pink Drop

For these skin concerns

Pink Drop is the answer

- Uneven skin tone
- Dullness and lack of radiance
- Dryness and dehydration
- Fine lines and wrinkles
- Loss of vitality

Recommended for

- Pigmentation & melasma
- Fine lines and reduced elasticity
- Dryness & lack of glow
- Overall skin refresh and revitalization

KEY INGREDIENTS

Peptides

Peptides are short chains of amino acids that naturally exist in the skin and tissues.
They enhance collagen and elastin production, helping to improve elasticity, reduce wrinkles, strengthen the barrier, and maintain moisture.
As a result, they support regeneration, provide soothing effects, and promote overall skin health.

Additional Benefits

- Boost firmness
- Enhance resilience
- Improve texture

Vitamin B12

Pink Drop's soft pink color comes naturally from **Vitamin B12** - a nutrient with a unique cobalt-based molecular structure that gives it a rosy hue.
As an essential water-soluble vitamin, it plays a role in numerous biological functions and is valued both for its nutritional benefits and its unique appeal as a cosmetic ingredient.

Additional Benefits

- Evens skin tone
- Boosts cell renewal
- Supports skin repair

KEY INGREDIENTS

Niacinamide

Niacinamide(Vitamin B3 Amide) is a water-soluble vitamin widely used in cosmetics and skincare products. It helps maintain healthy skin and supports overall skin condition improvement.
This versatile ingredient is suitable for various skin types and is well recognized for its safety.

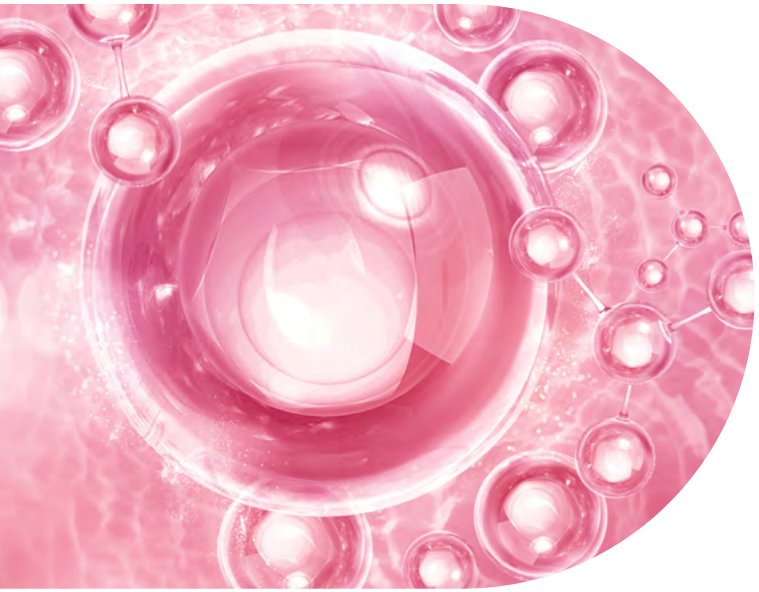
Hyaluronic acid is an essential ingredient that helps maintain skin hydration and elasticity while supporting cell activity and renewal.
Non cross-linked hyaluronic acid provides deep, long-lasting moisture, soothes the skin, and helps maintain a healthy complexion.

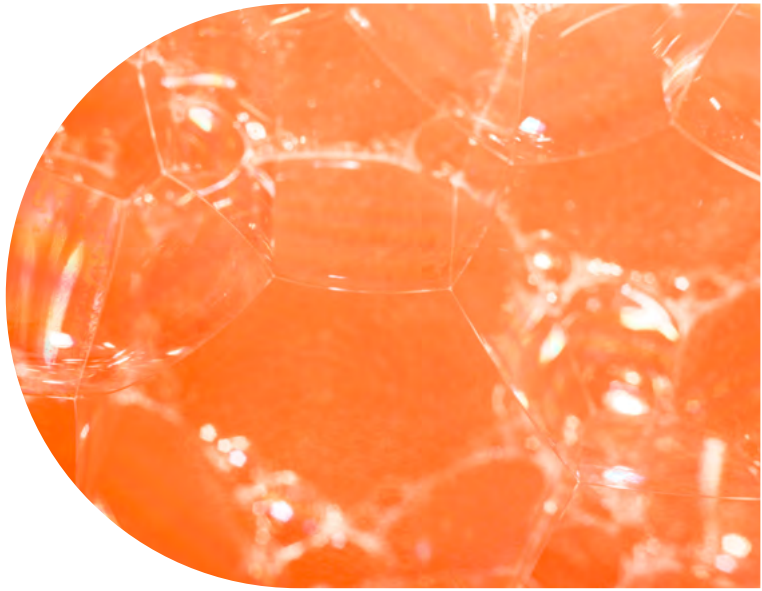
Non cross-linked HA

KEY INGREDIENTS

Antioxidants
Vitamin C, Glutathione

Antioxidants protect skin from environmental stress and slow aging.
Vitamin C neutralizes free radicals, boosts collagen, and supports youthful radiance.
Glutathione brightens skin by reducing melanin, fading dark spots and uneven tone.





Vitamins are essential for maintaining healthy skin and supporting its natural renewal process.
Vitamins A, E, and I stimulate collagen, enhance elasticity, and fortify the skin barrier while protecting against external stressors.
The **Vitamin B Complex** revitalizes and balances the skin, improving hydration, clarity, and overall texture.

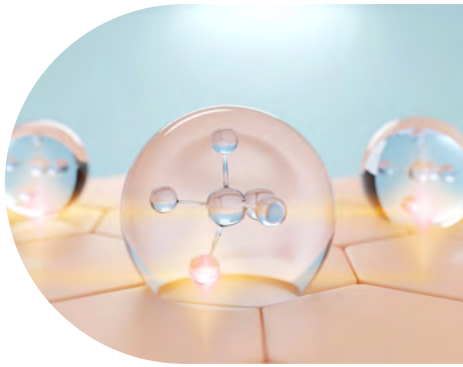
Vitamins A, E, I
Vitamin B Complex

HOW PINK DROP WORKS

Step 1 Hydration

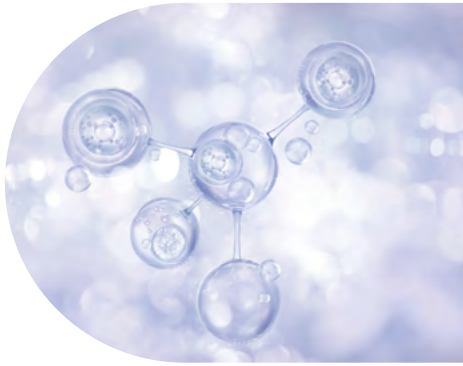
Hyaluronic Acid	Penetrates deep into the skin and retains moisture
Glycerin	Maintains skin hydration

Step 2 Brightening & Vitality



Niacinamide	Regulates melanin production, evens out skin tone
Vitamin B12	Boosts blood circulation, enhances skin color and vitality
Glutathione	Antioxidant effect, suppresses melanin formation

Step 3 Regeneration & Anti-aging



Sodium DNA & Peptides complex	Stimulate cell repair and skin regeneration
Adenosine	Promotes collagen synthesis and improves elasticity

BENEFITS OVERVIEW

INCREASED HYDRATION

Locks in moisture, leaving skin plump, smooth, and refreshed

ELASTICITY & FIRMNESS

Improves skin's flexibility while promoting a more lifted appearance

DEEP NOURISHMENT

Delivers essential nutrients directly to the skin, supporting cellular health and overall skin vitality

RADIANT GLOW

Enhances natural luminosity, leaving the skin looking youthful, refreshed, and radiant

SCAR & BLEMISH REDUCTION

Helps soften the appearance of acne scars and other skin imperfections

REVITALIZED & ENERGIZED SKIN

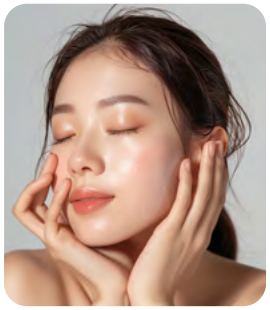
Restores glow, counteracts dullness, and renews skin's natural vitality

EFFECTS OVERVIEW

PINK DROP is designed to deliver both immediate and long-lasting improvements to skin health and appearance.

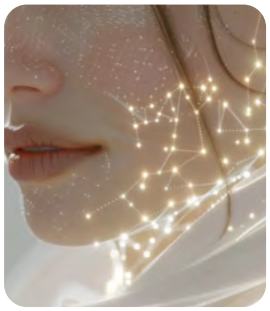
By combining **deep hydration** with **revitalizing nourishment**, it enhances the skin's natural regeneration process and restores a radiant glow.

The treatment not only **targets visible concerns** such as dullness, uneven tone, and fine lines but also **works beneath the surface** to strengthen, repair, and rejuvenate the skin.



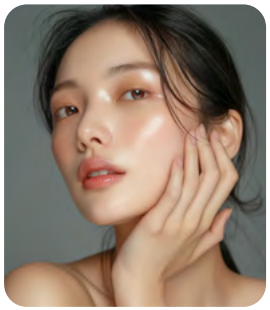
Immediate Effects

· Deep hydration and refreshed skin feeling
· Instant radiance and healthy glow
· Reduced dullness, skin looks more awake



2–4 Weeks

· Improved skin elasticity and firmness
· Noticeably smoother texture
· Reduction in fine lines and uneven tone
· Calmer, less irritated skin



Up to 6 Months

· Long-lasting hydration retention
· Visible reduction of scars and pigmentation
· Enhanced skin regeneration and repair
· Natural, radiant glow maintained over time

TREATMENT GUIDE

Visible results can be achieved even after a single treatment,
but the effects multiply and become more noticeable with each additional session.

4 sessions
every 2 weeks

Initial Course

A freshed look with early signs of radiance
Skin feels more awake and full of vitality

2–3 sessions
every 1 month

Intensive Course

Visible improvement in overall skin tone and clarity
Subtle whitening effect with more even complexion

1–2 sessions
every 2–3 months

Booster Course

Collagen activation strengthens skin elasticity
Skin renewal and long-lasting vitality are reinforced

Booster sessions
every 6–12 months

Maintenance Course

Maintains vitality and elasticity over time
All-in-one: hydration, regeneration, brightening, firmness

GUIDE LINES

Precautions

· Avoid doing permanent makeup or laser procedures before the treatment
· Temporary redness, swelling, or bruising may occur and usually resolve within a week
· For bruising, apply a cold compress, then switch to warm to support recovery

Post-Treatment

· Avoid direct sunlight and heat for 4 days
· Apply SPF 50 sunscreen daily
· Do not do intense exercise, sauna, swimming, hot baths, or go to crowded places for 7 days
· Avoid chemical peels or strong cosmetics for a few days
· Do not drink alcohol for 24 hours
· Avoid makeup for 48 hours to prevent infection
· Keep the treated area clean by using fresh towels, clean tools, and changing bed sheets often
