01 Key Benefits of PDRN Face Mask

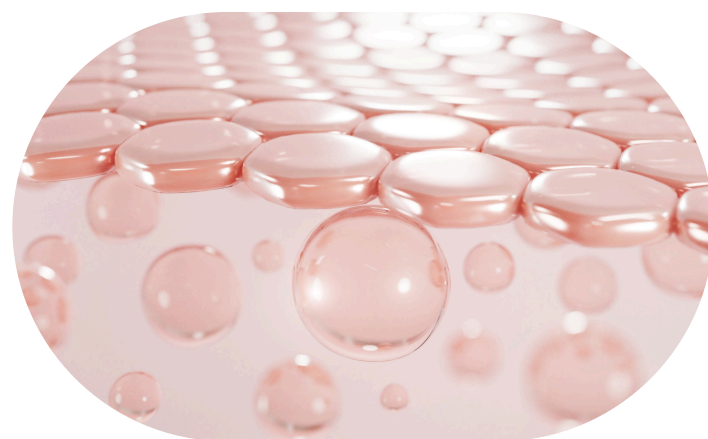

Why PDRN?

PDRN is known for its revitalizing and skin-conditioning properties. It helps support the skin's natural renewal process while promoting a smoother, firmer, and healthier-looking complexion.

Why Niacinamide?

Niacinamide is valued for its brightening and skin barrier-supporting benefits. It helps improve the appearance of dull, uneven-looking skin while supporting moisture retention for a clearer, more radiant complexion.

Why Hydrolyzed Collagen?

Hydrolyzed Collagen helps moisturize and smooth the skin. It helps reduce the feeling of dryness, improve skin softness, and leave the complexion looking supple, plump, and refreshed.
